Index, A History of the Dennis Duncan, 2023-02-28 A New York Times Editors Choice Book Named a Most Anticipated Book of 2022 by Literary Hub and Goodreads A playful history of the humble index and its outsized effect on our reading lives Most of us give little thought to the back of the book it s just where you go to look things up But as Dennis Duncan reveals in this delightful and witty history hiding in plain sight is an unlikely realm of ambition and obsession sparring and politicking pleasure and play In the pages of the index we might find Butchers to be avoided or Cows that sh te Fire or even catch Calvin in his chamber with a Nonne Here for the first time is the secret world of the index an unsung but extraordinary everyday tool with an illustrious but little known past Charting its curious path from the monasteries and universities of thirteenth century Europe to Silicon Valley in the twenty first Duncan uncovers how it has saved heretics from the stake kept politicians from high office and made us all into the readers we are today We follow it through German print shops and Enlightenment coffee houses novelists living rooms and university laboratories encountering emperors and popes philosophers and prime ministers poets librarians and of course indexers along the way Revealing its vast role in our evolving literary and intellectual culture Duncan shows that for all our anxieties about the Age of Search we are all index rakers at heart and we have been for eight hundred years

Basic Logos Rafaela Vinotti, 2009 Basics is a series about the basic disciplines of graphic design The first installment in the series is about logos and is classified into three categories graphics typography and illustration Basics Logos features 2067 different logos developed by designers from around the world showcasing a broad range of styles that enhance the book and make it both a compendium of visual input and a great source for inspiration

Book Indexing For Authors Katherine Verne, Michelle Campbell-Scott, 2020-07-19 An index could be the thing your book is missing Take a look in a library or bookstore and you will find few nonfiction books that don t have indexes That s because publishers know how important the presence of an index is to readers and therefore how vital it is for sales Indies often don t realize this and miss out on potential sales and potential good reviews A book index is like a guidepost or map for your readers It tells them what to expect from your book where to find topics that interest them and importantly what isn t in the book This means that it reduces the chances of poor reviews and increases the chances of positive reviews An index helps usability which makes it more useful to readers If you are an author thinking of creating your own index you re in good company There is quite a precedent for author indexes especially in the world of academia where subjects are so specialist that it s hard to find a professional indexer with relevant experience This book will guide you through the process and show you how to do it yourself in Microsoft Word Sorry no Mac instructions This book is for you if You need easy to understand instructions on how to create your own index for a non fiction book using Microsoft Word Your traditional publisher is insisting on an index and expecting you to pay for it You don t have a big budget You aren t a computer or publishing expert You don t want to spend weeks or months learning how to index This book is not for you if You need an in depth theory based book Many people like

the jump right in workbook approach You are looking for something to help you become a professional indexer or to win indexing awards Most professional training courses and organizations often recommend Nancy C Mulwary s Indexing Books Also check out the American Society of Indexers ASI www.asindexing.org and other professional and standards organizations in other countries You can find courses on indexing in local colleges as well as online If you do buy this print book you will have the opportunity of joining the forthcoming online course based on it free of charge You will be able to ask questions receive help and see in real time what the creation of an index involves

The Index Card Helaine Olen, Harold Pollack, 2016-01-05 The newbie investor will not find a better guide to personal finance Burton Malkiel author of A RANDOM WALK DOWN WALL STREET TV analysts and money managers would have you believe your finances are enormously complicated and if you don t follow their guidance you ll end up in the poorhouse They re wrong When University of Chicago professor Harold Pollack interviewed Helaine Olen an award winning financial journalist and the author of the bestselling Pound Foolish he made an off hand suggestion everything you need to know about managing your money could fit on an index card To prove his point he grabbed a 4 x 6 card scribbled down a list of rules and posted a picture of the card online The post went viral Now Pollack teams up with Olen to explain why the ten simple rules of the index card outperform more complicated financial strategies Inside is an easy to follow action plan that works in good times and bad giving you the tools knowledge and confidence to seize control of your financial life

The Memory Index Julian Ray Vaca, 2022-08-09 In this electric speculative YA sci fi novel the world treats memories like currency so dreams can be a complicated business Perfect for fans of Neal Stephenson and Philip K Dick In an alternative 1987 a disease ravages human memories There is no cure only artificial recall The lucky ones the recollectors need the treatment only once a day Freya Izquierdo isn t lucky The high school senior is a degenerate who needs artificial recall several times a day Plagued by blinding half memories that take her to her knees she s desperate to remember everything that will help her investigate her father s violent death When her sleuthing almost lands her in jail a shadowy school dean selects her

to attend his Foxtail Academy where five hundred students will trial a new tech said to make artificial recall obsolete She s the only degen on campus Why was she chosen Freya is nothing like the other students not even her new friends Ollie Chase and the alluring Fletcher Cohen Definitely not at all like the students who start to vanish one by one And nothing like the mysterious Dean Mendelsohn who has a bunker deep in the woods behind the school Nothing can prepare Freya and her friends for the truth of what that bunker holds And what kind of memories she ll have to access to survive it Vaca s debut is a thrilling and often unsettling examination of the elusive nature of memory and truth The Memory Index will leave you breathlessly turning pages until its satisfying conclusion Jonathan Evison New York Times bestselling author of Small World Get hooked on The Memory Index Duology Book 1 The Memory Index Book 2 The Recall Paradox coming Spring 2023

The Suicide Index Joan Wickersham,2009-06-23 National Book Award Finalist Wickersham has journeyed into the dark underworld inside her father and herself and emerged with a powerful gripping story The Boston Globe One winter morning in 1991 Joan Wickersham s father shot himself in the head The father she loved would never have killed himself and yet he had His death made a mystery of his entire life Who was he Why did he do it And what was the impact of his death on the people who loved him Using an index the most formal and orderly of structures Wickersham explores this chaotic and incomprehensible reality Every bit of family history every encounter with friends doctors and other survivors exposes another facet of elusive truth Dark funny sad and gripping at once a philosophical and a deeply personal exploration The Suicide Index is finally a daughter s anguished loving elegy to her father *Price Index Concepts and Measurement* W. Robert Harris,2012-01-31 At the nexus of high finance and sophisticated computer programming a terrifying future may be unfolding even now Dr Alex Hoffmann s name is carefully guarded from the general public but within the secretive inner circles of the ultrarich he is a legend He has developed a revolutionary form of artificial intelligence that predicts movements in the financial markets with uncanny accuracy His hedge fund based in Geneva makes billions But one morning before dawn a sinister intruder breaches the elaborate security of his lakeside mansion and so begins a waking nightmare of paranoia and violence as Hoffmann attempts with increasing desperation to discover who is trying to destroy him Fiendishly smart and suspenseful The Fear Index gives us a searing glimpse into an all too recognizable world of greed and panic It is a novel that forces us to confront the question of what it means to be human and it is Robert Harris s most spellbinding and audacious novel to date

Relational Database Index Design and the Optimizers Tapio Lahdenmaki, Mike Leach,2005-09-15 Improve the performance of relational databases with indexes designed for today s hardware Over the last few years hardware and software have advanced beyond all recognition so it s hardly surprising that relational database performance now receives much less attention Unfortunately the reality is that the improved hardware hasn t kept pace with the ever increasing quantity of data processed today Although disk packing densities have increased enormously making storage costs extremely low and sequential read very fast random reads are still painfully slow Many of the old design recommendations are therefore no longer valid the optimal point of indexing has come a long way Consequently many of the old problems haven t actually gone away they have simply changed their appearance This book provides an easy but effective approach to the design of indexes and tables Using lots of examples and case studies the authors describe how the DB2 Oracle and SQL Server optimizers determine how to access data and how CPU and response times for the resulting access paths can be quickly estimated This enables comparisons to be made of the various designs and helps you choose available choices for the most appropriate design This book is intended for anyone who wants to understand the issues of SQL performance or how to design tables and indexes effectively With this title readers with many years of experience of relational systems will be able to better grasp the implications that have been brought into play by the introduction of new hardware

The Black Index Bridget R. Cooks, Sarah Watson,2020-10-15 The artists featured in The Black Index Dennis Delgado Alicia Henry Kenyatta A C Hinkle Titus Kaphar Whitfield Lovell and Lava Thomas build upon the tradition of Black self representation as an antidote to colonialist images Their translations of photography challenge the medium s long assumed qualities of objectivity legibility and identification Using drawing sculpture and digital technology to transform the recorded image these artists question our reliance on photography as a privileged source for documentary objectivity and historical understanding The works featured here offer an alternative practice a Black index In the hands of these six artists the index still serves as a finding aid for information about Black subjects but it also challenges viewers desire for classification and instead redirects them toward alternative information

FAQs About Index Books

What is a Index PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Index PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Index PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Index PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Index PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
